About the Garden

A Dream Realized

Set on seven acres within the Historic District of downtown Kernersville, NC, the Paul J. Ciener Botanical Garden is named for the late Paul J. Ciener, a community leader, businessman and philanthropist. Mr. Ciener is best known for his Ford automotive dealership in Kernersville. He also founded Piedmont Carolina Nursery, a 33-acre wholesale plant nursery in Colfax, NC. He loved gardening and wanted to create a botanical garden as his gift and legacy to the Piedmont Triad region.

Currently there are over 1500 plant species in the garden, while thousands more are grown off site for future spaces and plant sales.
